

# st michael's hospice

## What will I need to bring in with me?

- Toiletries
- Nightwear
- Comfortable day clothes
- A small amount of money for the trolley shop and the coffee shop
- Medicines and tablets. Patients are asked to bring all their medication (in their original packets or containers) which has been prescribed and you are taking regularly
- Any special items – eg personal items, books etc. which will help make your stay more comfortable
- Whilst safe custody of articles of value (such as cash and jewellery) can be arranged in special circumstances, we do advise patients not to bring in their valuables.
